TOWN CLERK'S REPORT

REPORT OF THE ANNUAL TOWN MEETING
Held March 2, 1963

At the Annual Business Meeting held at the Joseph Osgood School at 2:00 P.M., the following articles were contained in the Warrant and acted upon as recorded.

Checkers previously appointed for entrance by the Selectmen and sworn in by Town Clerk Charles A. Marks at 1:15 P. M. were Catherine D. Noonan, Barbara A. Williams, Louise M. Ahearn, Mary Fiori, Margaret E. Buckley and Mary Isabelle Ainslie.

Tellers appointed by the Moderator and sworn in at 1:55 P. M. were Z. Thaxter Lapham, John L. Emery, Thomas G. Keating and Frank E. Jason.

The number of voters present as checked on the incoming voting lists was 555.

The meeting was called to order at 2:15 P.M. by Moderator Robert B. James and the Town Clerk proceeded to read the call of the meeting.

The invocation was given by Reverend William G. Sewell.

ARTICLE 1. VOTED: that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elected by ballot.

ARTICLE 2. VOTED: that the reports of the various town officers as printed in the Annual Town Report for the year 1962 be and hereby are accepted.

ARTICLE 3. To hear the report of any committee heretofore chosen and act thereon.

Fire and Police Station Building Committee

VOTED: that the report of the Fire and Police Station Building Committee be continued in existence.

School Facilities Committee

VOTED: that the report of the School Facilities Committee be considered one of progress and that the Committee be continued in existence.

Committee to Investigate the Administration Functions
of Town Officers

VOTED, that the Committee be discharged.

Harbor Dredging Committee

VOTED, that the Committee report of progress be accepted and the Committee be continued.

Transportation Committee

VOTED, that the Committee report of progress be accepted and the Committee be continued.

Incinerator Committee

VOTED, unanimously by a voice vote, that the Committee report of progress be accepted and the Committee be continued.

Committee to Investigate Acquisition of the
Ammunition Depot Property

VOTED, that the Committee report of progress be accepted and the Committee be continued.

Conservation Commission

VOTED, that the Committee report of progress be accepted and the Committee be continued.

Government Island Property Committee

VOTED, that the Committee report be accepted and the Committee be discharged with a vote of thanks.

Aaron River Committee

VOTED, that the Committee report of progress be accepted and the Committee be continued.

ARTICLE 4. To hear and act upon the report and recommendations of the Personnel Committee and to see if the Town will vote to amend its Personnel Classification By-Law Schedule by adopting, or amending and adopting and inserting and substituting the following schedule for the schedule heretofore adopted, or act on anything relating thereto.

and further that the sale, turn in or trade of present used equipment now in use by departments in connection with and part payment of new equipment to be purchased and covered by capital outlays herein voted, be and hereby is authorized and further that invitations or advertisements for bids, and specifications for purchase, shall not insofar as feasible, limit bidders to any particular make or manufacture.

VOTED, by a voice vote, that Articles 32 and 33 be acted upon at this time.

ARTICLE 32. VOTED, that this Article be indefinitely postponed.

ARTICLE 33. To see if the Town will raise and/or appropriate the sum of \$20,800 for preparation of detailed construction plans for a limited public sewerage system, or act on anything related thereto.

VOTED, that the sum of \$20,800.00 be and hereby is raised and appropriated to be expended by the Public Sewerage System Study Committee for the purpose of obtaining detailed plans, specifications and estimates for the construction of all or part of the Public Sewerage System described as "Plan A" in the report of the Study Committee submitted to the Town at the Special Town Meeting in November 1962; and further that said Study Committee be and hereby is authorized to contract in behalf of the Town in all matters necessary or incidental to accomplishing the same.

ARTICLE 7. VOTED, that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1963, and to issue

a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 8. VOTED, that the sum of \$843.72 be and hereby is appropriated from available cash in the Treasury being the unexpended balance of the Dog Fund received from the County for dog licenses, in accordance with Chapter 140, Section 172 of the General Laws, to be expended for the support of the Public Schools.

ARTICLE 9. VOTED, that there be and hereby is appropriated from available cash in the Treasury for the use of the Assessors in fixing the tax rate for the ensuing year, such sum not exceeding \$50,000.00 as the Assessors in their discretion may determine advisable.

ARTICLE 10. VOTED, that the sum of \$801.81 be and hereby is appropriated from overlay surplus and \$19,198.19 appropriated from free cash in the Treasury making a total of \$20,000.00 for the purpose of a reserve fund.

RESOLUTION BY HOLLIS T. GLEASON

WHEREAS, Frederick A. Thayer has served the Town of Cohasset continuously for the past thirty-eight years as Town Counsel, and is now retiring from that Position:

NOW THEREFORE BE IT

RESOLVED -- that the citizens of Cohasset, in Town Meeting assembled, hereby record their keen appreciation of the distinguished service rendered in their behalf by Frederick A. Thayer as Town Counsel of Cohasset throughout the long period from 1925 to 1963, a service marked by conscientious effort and proficiency, sound legal steps and common sense in protecting the interests of the Town, a calm and human approach in dealing with many a problem, and a friendly atmosphere contributing to harmonious proceedings; and they further express the hope that with the continuing esteem of his fellow-citizens he may live long and prosper.

VOTED, in the affirmative.

ARTICLE 11. VOTED, that the sum of \$800.00 be raised and appropriated for maintaining, during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with Chapter 112 of the Acts of 1931.

ARTICLE 12. VOTED, that the Town of Cohasset join in a Mosquite Control Project in conjunction with the City of Quincy and other Towns joining therein including Hingham, Braintree, Hull, Weymouth and Milton or any combination of them in accordance with and authorized by the provisions of Chapter 252 of the General Laws as amended and the sum of \$4,200.00 be and hereby is raised and appropriated for the purpose of paying Cohasset's share thereof, the funds to be paid to the Massachusetts Reclamation Board in the discretion of the Board of Selectmen if sufficient other municipalities join to justify such action.

ARTICLE 13. VOTED, that the sum of \$1,517.00 be and hereby is raised and appropriated to be used with the balance of prior unexpended appropriations for the Town's proportionate cost for the control of insect, vegetable and animal life in Strait's Pond for 1963 as advised by the State Reclamation Board and as provided by Chapter 557 of the Acts of 1955 as amended, said appropriation to be made available for expenditure provided the Town of Hull appropriate its share of money for said purpose.

ARTICLE 14. VOTED, that this Article be indefinitely postponed.

ARTICLE 15. VOTED, that this Article be indefinitely postponed.

ARTICLE 16. VOTED, that the Town assume liability in the manner provided by Section 29 of Chapter 91 of the General Laws, as amended by Chapters 516 and 524, Acts of 1950, for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvements, development, maintenance and protection of tidal and non-tidal rivers and streams, harbors, tide-waters, foreshores, and shores along a public beach outside of Boston Harbor, including the Merrimac and Connecticut Rivers in accordance with Section II of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

ARTICLE 17. VOTED, that the sum of \$29,741.55 be and hereby is appropriated for the use of the South Shore Regional School District for 1963.

ARTICLE 18. VOTED, that the sum of \$1,100.00 be and hereby is raised and appropriated towards land damages awarded as such for any taking which may be necessary un-

der a certain layout of Atlantic Avenue, between Cunningham's Bridge (so-called) and the intersection of Atlantic Avenue, Beach Street and Hobart Lane, said layout having been made by the Norfolk County Commissioners, a copy thereof being on file in the Town Clerk's office.

ARTICLE 19. VOTED, that the Town establish as a Town Way and accept the layout of Rustic Drive as laid out by the Selectmen and shown on plan and layout on file in the Town Clerk's office; authorize the Selectmen to acquire by eminent domain or otherwise such rights, titles and easements in such land as is necessary therefor and to accomplish said purpose; and the sum of \$50.00 be and hereby is raised and appropriated for the purchase and taking thereof.

ARTICLE 20. VOTED, that this Article be indefinitely postponed.

ARTICLE 21. VOTED, that the sum of \$4,500.00 be and hereby is raised and appropriated for the reconstruction and resurfacing of Beechwood Street from Route 3A to Mill Lane.

ARTICLE 22. VOTED, that the sum of \$3,000.00 be and hereby is appropriated for Maintenance of highways under Chapter 90 of the General Laws and to meet said appropriation, \$1,000.00 be raised in the current year's tax levy to meet the Town's share thereof and \$2,000.00 be transferred from free cash in the Treasury to meet the State's and County's shares, reimbursements from the State and County to be restored upon their receipt to the Excess and Deficiency Account in the Treasury.

ARTICLE 23. VOTED, that the sum of \$1,500.00 be and hereby is raised and appropriated for the reconstruction and resurfacing of existing sidewalks in need thereof.

ARTICLE 24. VOTED, that the sum of \$7,500.00 be and hereby is raised and appropriated for the reconstruction, resurfacing and installation of necessary drainage on Pleasant Street from Cushing Road to Reservoir Road.

ARTICLES 25 and 26. VOTED, that Article 25 and Article 26 of the Warrant be considered and acted upon in one vote and that the sum of \$16,000.00 be and hereby is appropriated for Chapter 90 Highway Construction for Forest Avenue, and to meet said appropriation \$12,000.00 to be taken from free cash in the Treasury to meet the State and County share thereof and the sum of \$4,000.00 to be taken from the proceeds received or to be received from the Commonwealth

of Massachusetts under the provisions of Chapter 782 of Acts of 1962; reimbursement from the State and County to be restored upon their receipt to the Excess and Deficiency account in the Treasury.

ARTICLE 27. VOTED, that the sum of \$11,363.52 be and hereby is appropriated from the funds received or to be received from the Commonwealth of Massachusetts in accordance with Chapter 782, Acts of 1962, Section 4 for the reconstruction, resurfacing and installation of necessary drainage on King Street.

ARTICLE 28. VOTED, that \$1,000.00 be and hereby is raised and appropriated for the demolition and or removal of the Police Station Buildings situated at the junction of Main Street and Elm Street and that the Board of Selectmen be and it is hereby authorized to contract on behalf of the Town in all matters necessary or expedient to accomplish the same and matters incidental thereto unless on or before May 1, 1963, the Cohasset Historical Society shall submit a request in writing to the Board of Selectmen requesting a lease or other occupation agreement of said building, whereupon the Board of Selectmen be and it is hereby authorized to lease or enter into an other occupation agreement upon such terms, conditions and restrictions as the Board of Selectmen may deem in the best interests of the Town.

ARTICLE 29. VOTED, that \$2,000.00 be and hereby is raised and appropriated for the demolition and or removal of the building known as Central Fire Station situated at the junction of Summer Street and Border Street and that the Board of Selectmen be and it is hereby authorized to contract on behalf of the Town in all matters necessary or expedient to accomplish the same and matters incidental thereto.

ARTICLE 30. VOTED, that the provisions of Chapter 90, Section 18A of the General Laws (Ter. Ed.) as most recently added by Chapter 409 of the Acts of 1962 which Act authorizes the Selectmen to adopt rules regulating the use of ways by pedestrians and providing for the non-criminal dispositions of violations, thereof be and hereby are accepted.

ARTICLE 31. VOTED, that the laying out, use and control of playgrounds in Cohasset and the powers conferred by Section 14 of Chapter 45 of the General Laws (Ter. Ed.) shall be exercised by and are hereby placed under the Recreation Committee.

ARTICLE 34. VOTED, that this Article be indefinitely postponed.

ARTICLE 35. VOTED, that the Town amend Section 4 of Article 16A of the present By-Laws of the Town, said Article being entitled Harbor Regulations by striking out Sections 1 through 10 inclusive and inserting in place thereof Sections 1 through 4 as follows:

Section I -- In construing this By-Law the following words shall have the meaning herein given unless a contrary intention clearly appears.

"Cohasset Harbor" -- shall mean all that body of water in Cohasset lying inside a line projected across the channel in a straight line from White Head Dolphin at Long's Point to White Rock and by the same course and shall not include the channel extending seaward beyond that point.

"Harbor Master" -- shall mean harbor master, assistant harbor master and deputy harbor masters all duly appointed by the Selectmen.

"Boat" -- shall mean every description of water craft -- other than a seaplane on the water -- used or capable of being used as a means of transportation on the water.

"Persons" -- shall mean individuals, corporations, societies, associations and partnerships.

"Skin Diver" -- shall mean swimmers using fins and/or mask and/or snorkel tubes as self-contained underwater breathing devices.

Section II -- No master or person acting as master, owner, custodian or other person shall moor any boat within the limits of Cohasset Harbor without first obtaining a permit to moor said boat from the Harbor Master. Such permit must be obtained for each calendar year. The application for such permit shall be made to the Harbor Master on a form prescribed by the Selectmen. The application shall set forth the name and address of the owner, the size and type of boat to be moored, the size and type of the mooring, and if the mooring is already in the water the location thereof with sufficient details to enable the Harbor Master to locate it.

The Harbor Master shall prepare regulations governing the size and specifications for moorings, their hardware and pennants, and shall submit the same to Selectmen for ap-

proval. Upon approval the regulations shall be published once in a newspaper regularly circulated in the Town, and at the Harbor Master's office at the Town Pier, and shall be available upon request. The regulations may be amended from time to time in the same manner.

If the Harbor Master shall determine that any mooring applied for will conform to the requirements of said regulations, he shall issue the permit and assign a location for the mooring provided such a location is available.

If the Harbor Master has determined that the mooring will not conform to the requirements of said regulations, or if he shall for other valid reasons deem it improper to issue such mooring permit he shall refuse to issue the permit. The Harbor Master shall issue or deny such permit within two weeks from the date of application.

The applications for mooring permits and permits for tie up of small boats shall be issued by the Harbor Master and a duplicate thereof filed at the office of the Selectmen. No boat shall be made fast to a Town Landing or Pier for more than 30 minutes, except by permission of the Harbor Master.

The Harbor Master shall keep accurate records and books and shall issue receipts in duplicate for mooring tie up permits, the original of which shall be given to the applicant for the permit and the duplicate shall be filed at the office of the Selectmen.

Boats anchored or moored in such a manner as to constitute a hazard to navigation or property may be moved at the expense of the owner. As far as practical, the Harbor Master shall require all commercial boats to be moored in a common area.

Winter mooring buoys must be removed from Cohasset Harbor and suitable floating buoys attached by May 1. It shall be the duty of the Harbor Master to give written notice of two weeks to the owner and then to affix a proper buoy at the owner's expense.

Section III -- No person carrying passengers for hire shall embark or disembark such passengers from any boat at the Town Landings without permission of the Harbor Master.

Section IV -- No boat shall exceed a speed of four (4) nautical miles per hour or cause a disturbing wake within the confines of Cohasset Harbor.

Section V -- Any person skindiving in Cohasset Harbor shall

- (a) display a diver's flag consisting of a red field and a white diagonal stripe of sufficient size not less than twelve (12) inches square.
- (b) display such flag on a float or other similar device holding said flag upright at a height sufficient to be visible to passing boats.
- (c) tow the aforesaid float and flag with him while he is submerged in the water and surface thereunder, unless for commercial purposes, permission is granted in writing by the Harbor Master to otherwise display flags for the protection of divers in Cohasset Harbor.
- (d) no skindiver shall operate in Cohasset Harbor except from a boat and attended by another person.

Section VI -- No person shall operate a boat in Cohasset Harbor while towing water skiers, aqua-planes or other similar device except in connection with water carnivals and exhibitions authorized by the Selectmen, or in an area designated by the Selectmen. No person shall operate such boat or equipment in the vicinity of swimmers at any of the beaches of Cohasset.

Section VII -- Lobster pots, lobster cars, crab pots and other obstacles which will cause or create a hazard to navigation will not be placed in areas usually used for navigation.

Section VIII -- Discharging or depositing, or causing to be thrown overboard, oil, refuse, or waste into the harbor is prohibited.

Section IX -- Small sailing classes will be allowed to race within the Cohasset Harbor area when under the jurisdiction of an authorized race committee recognized by the Harbor Master. Such small boats shall respect the maneuvering problem of larger vessels in the Harbor.

Section X -- The proper usage of the Town launching ramps shall be determined by the Harbor Master. This shall include the proper parking of trailers and motor vehicles at the approach to the ramp.

Persons using Town ramps for hauling of larger boats requiring cradles shall apply to the Harbor Master for a written permit. Such cradles and/or boats shall not remain on the Town ramps for more than one tide.

Section XI -- No person shall clean fish on Town floats or piers.

Section XII -- No person shall load or unload lobster pots, bait or other gear on or from any landing places, or floats or piers thereof except those designated by the Harbor Master.

Section XIII -- No person shall leave ropes, pots, barrels, rocks or boards upon any Town landing places, floats or piers thereof for longer than is reasonably necessary in the act of loading or unloading the same to and from boats.

Section XIV -- Nothing contained herein shall be held or construed to supersede or conflict or interfere or limit jurisdiction of the United States Government with respect to the enforcement of the navigation, shipping, anchorage, and associated laws of the United States, or any lawful regulation of the Division of Waterways of the Department of Public Works, or the Division of Motor-boats of the Registry of Motor Vehicles, or to conflict with any of the laws of the Commonwealth of Massachusetts.

VOTED, that the Town amend Article 21 of the present By-Laws of the Town, said Article being entitled Harbor Regulations by striking out Sections 1 through 10 inclusive and inserting in place thereof Sections 1 through 14, as printed in the Article.

ARTICLE 37. VOTED, by a voice vote in the negative.

ARTICLE 38. VOTED, that this Article be indefinitely postponed.

ARTICLE 39. VOTED, that this Article be indefinitely postponed.

ARTICLE 40. VOTED, that this Article be indefinitely postponed.

ARTICLE 44. VOTED, that this Article be indefinitely postponed.

At 6:00 P.M. a motion was made, seconded and so voted that this meeting be dissolved.

ATTEST:

CHARLES A. MARKS, Town Clerk

Total number of registered voters on January 1, 1964	3433

Enrolled Totals

Republicans	1530
Democrats	494
Unenrolled	1409

Any female who has married during the year must re-register in her married name as her name is automatically removed from the voting list on January 1st following her marriage.

Any resident not listed in the Census taken by the Police Department during January and February should inform the Registrars before May 1st.

Meetings for the registration of voters are held at stated times during the year. Notices for these meetings are posted in the Post Offices of the Town and in many other public buildings. Also, residents may register by appointment with the Town Clerk.

CLARENCE M. GRASSIE, Chairman

ELECTION OF MARCH 2, 1963

The Polls were opened at 8:00 o'clock A.M. by Moderator Robert B. James. Proceeded to vote for Town Officers on the Official Ballot.

CHARLES A. MARKS, Town Clerk

REPORT OF THE SPECIAL TOWN MEETING Held June 10, 1963

At the Special Business Meeting held at the Joseph Osgood School at 8:00 P.M., the zoning article as printed in the Warrant was contained in the Warrant and acted upon as recorded.

Checkers previously appointed for entrance by the Selectmen and sworn in by the Town Clerk Charles A. Marks at 7:15 P.M. were Barbara A. Williams, Louise M. Ahearn, Margaret V. Marks, Catherine D. Noonan and Margaret E. Buckley.

Tellers appointed by the the Moderator and sworn in at 7:55 P.M. were Z. Thaxter Lapham, John E. Emery, Edward E. Tower and Thomas G. Keating.

The number of voters present as checked on the incoming voting lists was 720.

The meeting was called to order at 8:10 P.M. by Moderator Robert B. James and the Town clerk proceeded to read the call of the meeting.

The invocation was given by Reverend Roscoe E. Trueblood.

The Planning Board hereby submits the following final report with recommendation to the Special Town Meeting on June 10, 1963.

Pursuant to and in accordance with the applicable provisions of Chapter 40A of the Massachusetts General Laws, the Planning Board held a public hearing on a proposed new zoning by-law and proposed new zoning map. Based upon said public hearing the Planning Board unanimously hereby recommends the adoption of the following motion:

It is hereby moved that the following vote be adopted: That the existing zoning by-law and zoning map of the Town be and they hereby are amended by deleting the same in their entirety and substituting therefor a new zoning by-law as set forth in the Warrant for the Special Town Meeting on June 10, 1963, and a new zoning map entitled "Zoning District Map of the Town of Cohasset, Massachusetts", dated June 10, 1963, enclosed with said Warrant, copies of which have been filed with the Town Clerk.

After an explanation of the new by-law and discussion by the voters the above motion was defeated by a hand vote. This requires a two thirds vote.

Yes, 450 No, 270

At 11:45 P.M. a motion was made, seconded and so voted that this meeting be dissolved.

CHARLES A. MARKS, Town Clerk

VITAL STATISTICS

Records of Births, Marriages and Deaths Recorded in 1963

Births

Total number of births recorded was one hundred and eight, of which twenty-one were delayed returns and corrections of past years. Of the eighty-seven born in the year 1963 all the parents were residents of Cohasset. There were fifty-one males and thirty-six females.

PARENTS, BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL

"Parents within forty days after the birth of a child and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the Clerk of the Town where such child is born." -- General Laws, Chapter 46, Section 6.

Many times returns are made by doctors and hospitals before a child has been named. Make certain your child's name is recorded.

Marriages

Total number of marriages was sixty-four, including those where both parties were non-residents of Cohasset. Thirty marriages were solemnized in Cohasset during the current year.

Deaths

Total number of deaths was eighty-one, including residents of Cohasset who died elsewhere and non-residents who died in Cohasset. Of the fifty-eight who were residents of Cohasset, twenty-four were males and thirty-four were females. There were six delayed returns of deaths; four were males and two were females.

REPORT OF THE BOARD OF SELECTMEN

During the year of 1963 the Board of Selectmen, in accordance with votes taken at the Town Meeting, carried out the demolition of the old Central Fire Station building. In accordance with plans obtained from Irwin D. Matthew by the still-active committee, the area is being developed as a park. The old Police Headquarters building has been leased to the Cohasset Historical Society and has continued in useful existence. All of the other directives to the Selectmen have been carried out.

The Forest Avenue construction project was completed by the bonding company. Mr. Louis F. Eaton, Jr. acted as counsel for the Town in the resolution of this matter. The new Cunningham's Bridge was ready in ample time for the increased summer traffic.

Final details of the purchase of the land of Margaret A. Kline and Martin Guida as well as the layout of James Lane are being worked out by counsel and should be completed in the very near future.

The Board has continued liaison with Federal and State agencies in respect of the disposition of the Hingham Ammunition Depot Annex so-called, and also with regard to the prospects for a Federally aided harbor dredging project. Although analysis of final studies of the dredging project had not been completed as of the writing of this report, the Board has been advised that preliminary indications are favorable. We hope to have more information in this regard to present to the Town Meeting or very shortly thereafter. The disposition of the Ammunition Depot Annex has been held up pending re-examination of possible continued Federal agency use.

The Cohasset Nike Site has been declared surplus by the Federal Government. Consideration of this in concert with all Town departments, committees and commissions which might be interested has thus far developed a present definite use for a very small portion of the launcher area as a location for a water system standpipe. Negotiations to obtain such a location are being carried out by your Board.

Throughout the year the Board has received the wholehearted cooperation of all Town employees and department heads. We take this opportunity to express publicly our appreciation.

GEORGE W. McLAUGHLIN, Chairman
NATHANIEL HURWITZ
HELEN E. SCRIPTURE

GORDON E. FLINT, Town Collector

REPORT OF THE FIRE DEPARTMENT

I herewith submit the Annual Report of the Fire Department for the year ending December 31, 1963.

In the year 1963 the department responded to 361 alarms, 238 still alarms and 123 bell alarms. This amounts to about a 15% increase in alarms over last year; an increase of more than 100% in bell alarms over last year and the number of still alarms holding at about the same level.

Looking back 15 years for comparison ... there was a total of 128 alarms, 73 bell alarms and 55 still alarms. Comparing these figures with 1963 we find an increase of 68% in bell alarms and an increase of 332% in still alarms. The department today has not one more piece of apparatus than it had in 1948 and the ON-DUTY manpower is the same today as it was in 1948. With these increases in response, increases in population, increases in valuation, increases in number of buildings ... mercantile, residential and civic, increases in types of hazards, increases in number of year around homes, increases in number of automobiles and trucks ... I feel that the ON-DUTY MANPOWER of the department should be INCREASED. Further delays in providing these additional firefighters can result only in closing of the North Cohasset and Beechwood Fire Stations.

In this past year a new engine and transmission were installed in Engine 4 and the hose body enlarged, making this a most useful and valuable part of the department. The Forest truck which is subjected to difficult work in entering the woods and traversing rough terrain was extensively repaired. The other apparatus was repaired as the need arose. Over all, the apparatus is in good condition. The hose body of Engine 2 was modified to increase the hose carrying capacity and enable it to lay parallel lines if necessary.

In handling the 361 alarms in 1963 the department raised 1,362 feet of ladders and used 57,350 feet of hose. All hose of the department was washed, tested and inspected. Replacements were made for the defective lengths. All of the many small hand tools and fittings, inhalators and masks are cleaned and checked weekly and after use.

The new Fire Headquarters building is of tremendous advantage and convenience in the operation and maintenance of the department.

The buildings which house the companies at North Cohas-

set and Beechwood are fast becoming out-dated and more difficult to maintain. Changes in apparatus assignment are almost impossible due to the limitations in floor space and height. These changes are necessary from time to time to provide proper coverage in the absence of the regular company from its quarters.

I recommend the following for your consideration in the immediate future.

1. Increase the rate of pay through the various grades of officers and men. The present pay scale falls short of that paid to the surrounding towns.
2. The addition of 5 permanent firefighters to the department. This would allow the minimum on-duty manpower to cover all necessary apparatus during periods of sickness and vacation.
3. A study of the possibilities of relocation of the stations at North Cohasset and Beechwood, keeping in mind the service rendered by these companies not only to the immediate neighborhood but to the entire town.
4. The construction of a training area which would include a ladder training tower, a combination smoke house and fire combat building and a pumper test and drafting pit.

In the year 1963 the following Call Firefighters retired:

Austin L. Freeman, assigned to Ladder 1, who served from August 4, 1942 to February 28, 1963.

Rufus A. James, assigned to Engine 3, who served from May 5, 1928 to July 31, 1963.

Both of these men served the Fire Department and the Town of Cohasset faithfully for many years.

In closing I would like to thank the Honorable Board of Selectmen for their counsel, and the heads and members of the various Town Departments and Boards for their cooperation. I would also like to thank each and every member of the Fire Department for their fine cooperation, assistance and understanding.

CHARLES PIEPENBRINK
Chief of Fire Department

CIVIL DEFENSE REPORT

I herewith submit the Civil Defense report for the year ending December 31, 1963.

During the past year the emphasis has been on fallout shelters as directed by the Federal Government. Several buildings in Town, having capabilities of offering some protection, have been submitted for approval. To date three areas located in the High School have been approved and stocked under the Federal Program and issued directly to the Town. Some P R Bunkers in the Ammunition Depot Annex have been approved and stocked through the Commanding Officer of the South Weymouth Naval Air Station.

Civil Defense Programs as they effect the local community are being updated by the Federal Government with considerable changes being recommended in the areas of communication, radiological monitoring, surplus property and matching funds.

A seven week course in first aid was sponsored for the regular and auxiliary police forces.

Program papers have been prepared and approved as required.

Regular visits to surplus property depots have been made in order to take advantage of any material or equipment the Town might acquire at greatly reduced costs.

Three radiological monitoring stations have been established and equipped with radiological monitoring kits.

The base stations for the Police and Fire Department radios were installed in the Control Center at the High School along with the Civil Defense Station there, this installation insures complete radio coverage in case of any emergency.

HARRY H. REED, JR., Director

SEALER OF WEIGHTS AND MEASURES

I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1963.

All weighing and measuring devices have been tested. 115 were sealed, 7 adjusted.

The amount of \$100.70 for sealing fees was collected and paid to the Town Treasurer.

NICHOLAS J. SINOPOLI, JR.
Sealer of Weights and Measures

BOARD OF WATER COMMISSIONERS

Both the total water pumped to supply and the total revenue committed reached record levels for the year 1963.

New supplies were connected for the year, and all system facilities have been maintained in good operating condition.

Outstanding projects over and above regular operations completed during the year are as follows:

1. Six hundred feet of 12' main was laid to connect the 12' main on Pleasant Street to the one on Reservoir Road.

2. An 8' main was laid across Cunningham Bridge. This insulated main gives us an all year connection at this point for the first time.

3. All 190 fire hydrants in town were inspected and repaired as needed.

4. A primary power installation was obtained for the treating plant, thus effecting a worth-while economy.

5. The leaching bed for Aaron Brook water was tripled in capacity. This will augment materially our utilization of summer drainage from this important element of our watershed.

Water Department operations show a surplus for the year. It is planned to suggest that a good portion of this be appropriated for certain high priority system improvements during the coming year.

We wish to express our thanks to all Town Officials and Department Heads for their co-operation, and to Water Department Personnel for their loyal and efficient service.

M. FRANK KNOY, Chairman
Board of Water Commissioners

REPORT OF THE AARON RIVER COMMITTEE

This Committee was appointed to investigate flooding conditions on the Aaron River, and after visual inspection and subsequent surveys, the following conditions are hereby reported:

1. Flooding during high runoff periods occurs and creates a nuisance and possible health hazard generally in the area from Doane Street westerly to Beechwood Street and the Cohasset Annex of the Hingham Ammunition Depot.
2. It is reported that the severity of flooding has increased during later years.
3. A lack of stream clearance maintenance has resulted in a heavy growth of brush and collection of various debris.

It is advised that two possible methods of relieving flooding would be as follows:

1. An annual program of brush clearing and cleanup maintenance.
2. A Massachusetts Department of Public Works, Chapter 91 project for stream clearance.

Because the Aaron River contributes to the present and future source of water supply, it is recommended by this Committee that a continued study be conducted by a committee of five appointed by the Board of Selectmen to include the following:

1. Member of the Water Commission.
2. Member of the Planning Board.
3. Member of the Board of Health.
4. Highway Surveyor.

It is further recommended that the proposed committee initiate an appropriation to resolve the flooding conditions reported above at or before the next annual Town Meeting.

GEORGE E. HALEY
STEWART S. SARGENT
ROBERT C. BRIGGS, Chairman

TOWN ACCOUNTANT'S REPORT

I herewith submit my annual report in accordance with Section 61 of Chapter 41 of the Tercentenary Edition of the General Laws, for the year ending December 31, 1963, showing in detail the appropriations, expenditures, and the receipts from each source of income. Also a recapitulation sheet and a balance sheet showing the assets and liabilities and trust accounts.

In accordance with Section 57 of Chapter 41, of the Tercentenary Edition of the General Laws, you will find a detailed report of the Town's Debt which amounts to \$1,734,000.00 with the amount of interest due in 1964 of \$40,734.75 and principal due of \$169,000.00.

In accordance with Section 53 of the Tercentenary Edition of the General Laws, the records of permits and licenses issued by the Selectmen and other departments receiving money for the Town or committing bills for collection were examined and checked, the reported payments to the Town Collector and Town Treasurer being compared with the Treasurer's recorded receipts, also the Savings bank books and securities representing the investment of the several trust funds in the custody of the Town Treasurer.

During the year, the Treasurer's cash balance was proved by reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

In closing, I wish to take this opportunity to thank all departments for their sincere cooperation this past year.

MALCOLM H. STEVENS, Town Accountant

M.A.A.	4	6	78
D.A.	2	2	14

HELEN E. SCRIPTURE, Chairman

REPORT OF THE COHASSET PUBLIC SEWERAGE SYSTEM STUDY COMMITTEE

In accordance with the recommendation of the Advisory Committee and the terms of the motion voted under Article 33 at the 1963 Town Meeting, the Committee contracted for a public sewerage system to serve the center of Town, Elm Street and the Harbor area. This is the system designated as "plan A" in the report of the Study Committee submitted

to the Town in October 1962. An agreement was signed with the consulting engineering firm of Fay, Spofford and Thorn-dike, Inc. of Boston. Field studies, including numerous test borings, were completed in August, and plans and cost estimates in November.

Cost estimates based on detailed construction plans are within 3 per cent of the preliminary estimate for the entire system. The present total of \$396,000 includes \$136,000 for the treatment plant, \$47,000 for interceptor sewers chiefly in the Meadow, and \$213,000 for street sewers. Engineering supervision, an amount for contingencies, and repaving costs are included in these figures. The plant and interceptor sewers would be eligible for a 30 per cent Federal grant amounting to \$55,000. The balance of these costs and the cost of the street sewers would be met by a bond issue. Annual interest at the rate of 3.5 per cent and serial retirement of the bonds over a period of 20 years would be paid for in part by taxation, in part by an assessment and connection fee for each property connected to the system, and in part by any excess of revenue from sewer rental over annual operating costs.

The streets covered in the system recommended by the Study Committee are South Main Street from Depot Court to No. 91, Brook Street, Elm Street, Elm Court to No. 48, Margin Court, Margin Street as far as Stockbridge Street, Stockbridge Street to No. 52, Cove Road, Summer St., Legion Hall to No. 84, and Border Street to No. 49, a total of 1.5 miles of street sewers with 119 lateral connections. The Committee also recommends a mechanical aeration type of treatment plant, as proposed by the engineering consultants, with a capacity of 86,000 gallons per day, ample to serve the proposed system and as many as 120 additional connections. The recommended site in Jacob's Meadow would permit economical future expansion to a capacity of 800,000 gallons per day, sufficient to serve a population of 6,000.

The Study Committee has also investigated the cost of an alternative site on Town property in back of the new Fire and Police Station. This would involve an additional initial construction cost of \$16,000, a relatively small increase in operating cost, and considerable additional cost in any future expansion. The engineers do not feel that this site would accommodate expansion of a plant beyond a capacity of 400,000 gallons per day. Despite these disadvantages the alternate site is a feasible one if the Town should express a strong preference for this over the site in Jacob's Meadow.

Final approval of any site is obtained from the Massachusetts Department of Public Health after a public hearing.

The Study Committee has rechecked all past and recent proposals for alleviating the heavy sewage pollution of James Brook and the inner harbor. The Committee is convinced that a public sewerage system provides the only effective permanent solution to the problem, and all other proposals would be ineffective, temporary and result in higher ultimate cost to the Town. The Committee is therefore recommending at this Town Meeting necessary measures for the immediate construction of the above public sewerage system. The latest details of this will be published on a separate sheet for distribution at Town Meeting. Based on the illustrative method of assessment recommended by the Study Committee the average effect on the tax rate over a 20-year period is estimated to be \$1.08 and the effect in the first full year \$1.37. After 20 years the bonds will have been retired and the effect on the tax rate will be reduced to nil.

REPORT OF THE OLD COLONY TRANSPORTATION COMMITTEE

For yet another year the Committee has continued to keep abreast of the many proposals affecting mass transportation in our area, and members have again attended numerous meetings.

The New Haven tracks through our town have been taken up, and we have suggested to the Selectmen that they consider recommending to the town the acquisition of the right-of-way for highway or other purposes.

As a result of the increasing strangulation of highway traffic at rush hours culminating in the massive traffic jam in Boston on December 30, 1963 and the final realization by many previously recalcitrant responsible authorities that something must be done to relieve these conditions, it now appears that authorization for the extension of some form of mass transportation into our area stands a better chance of

being enacted by the General Court and carried into effect than ever before.

Your Committee expects to follow up the various proposals and to recommend to the Selectmen that they support whichever appears to have a good chance of success, provided it seems to be in the best interest of Cohasset.

Chairman

REPORT OF THE SCHOOL FACILITIES COMMITTEE

The addition to the Deer Hill School, built under the direction of the School Facilities Committee, was opened for classes January, 1963. Subsequently the Committee directed landscaping, extensions of the parking and recreation areas and the purchase of library equipment. This completes the present work at the Deer Hill School which is now a modern, well-conceived elementary school plant with a capacity of about 600 pupils.

The Committee then turned to the question of facilities for Grades 7-12 where crowding began to become apparent. Enrollment projections showed that additional facilities would be necessary within the next few years. After a detailed study of these figures, the School Committee has instructed the School Facilities Committee that some new facilities will be needed not later than the fall of 1967, when an estimated enrollment of about 750 is expected in a building planned for about 615. The School Committee expressed a preference for a separate building for Grades 7-8, but left the way open for other solutions if this did not seem feasible.

At the request of the School Committee, our Committee is now investigating possible sites for such a school, or other schools which might be needed in the more distant future. At the same time the Committee is exploring the relative economics of such a school as compared with an addition to the present High School. We are confident that an acceptable solution will be developed in time to meet the 1967 deadline.

HARRY H. REED, JR., Chairman

REPORT OF THE HIGHWAY SURVEYOR

The Highway work began in the Spring with cleaning of catch-basins and sweeping sand from the roads.

Some new street signs were installed and many more were repaired and painted. This work will continue and an effort will be made to paint more traffic lines throughout the Town.

In 1963 this Department installed 42 catch-basins and laid 4850 feet of 10" and 12" drain pipe. Three and one-half miles of road were resurfaced with mix-in-place. 3700 feet of sidewalk were repaired and resurfaced.

The Town will receive \$15,363.52 which was made available by the Legislature from the Bond issue, Chapter 882, Acts of 1963.

This money will be used to resurface sections of North and South Main Streets with Bituminous Concrete. Chapter 90 construction and maintenance funds have been applied for this year. The construction funds are to be used on Forest Avenue. The maintenance funds will repair Mill Bridge and seal sections of other roads approved by the Chapter 90 Maintenance Act. There are 35 miles of accepted roads in the Town and 10 miles of private ways which are maintained by this Department.

I wish to thank the Town Officials, the Citizens of Cohasset and the men of the Highway Department for their continued cooperation.

LOUIS C. BAILEY, JR., Highway Surveyor

REPORT OF THE CONSERVATION COMMISSION

The last two annual reports of the Conservation Commission referred to the necessity of devoting the greater part of our time to the problem of the Ammunition Depot. Late in 1962 and early in 1963 this problem seemed close to a very satisfactory solution by the acquisition of the property by the Massachusetts Division of Fisheries and Game "for the purpose of wild-life conservation without monetary consideration to the Federal Government". Although this plan had not yet been consummated at the year-end it is still the objective of the Division and still meets with the enthusiastic support of the Conservation Commission. In the past year we have been able to turn our attention to other matters.

Our principal effort has been to determine a sound long-term program to accomplish the purposes for which conservation commissions have been organized in about two hundred Massachusetts cities and towns in the last few years. In this connection we have met with other town agencies such as the Selectmen, the Water Commissioners, the Planning Board, the Board of Health, and with the Conservation Commissions of some of the other South Shore towns. In addition we have endeavored to educate ourselves by attending numerous meetings organized by the Massachusetts Association of Conservation Commissions and others for the discussions of various phases of conservation, and by consulting with such agencies as the Massachusetts Department of Natural Resources and the Norfolk County Conservation District.

We are now in the process of making "an index of all open areas within the Town, with the plan of obtaining information pertinent to proper utilization of such open areas" to quote from the Massachusetts Conservation Act of 1961. This index should be helpful to us in developing a long-range "program for the better promotion, development or utilization of all such areas".

The proposals which we plan to introduce in the next Annual Town Meeting have to do with starting a Conservation Fund and amending the Zoning By-Laws to protect certain natural features of the Town. The action of the voters on these proposals will serve as an indication of the town's attitude toward conservation and will thus be helpful to both the Conservation Commission and to the Selectmen, whose approval of the Commission's activities is necessary in certain cases.

GEORGE W. BENEDICT, Chairman

REPORT OF THE BOARD OF HEALTH

Personnel

Anthony W. Vento: Health Agent and Milk Inspector
 William Matteson, Jr., D.M.D.: School Dentist
 Freddie Peterson, M.D.: Well Baby and Well Child Conference Pediatrician
 Matthew Carr, D.V.M.: Animal and Slaughtering Inspector
 Public Health Nursing Services by contract with Social Service League
 Edwin H. Pratt and Charles T. Patroia: Plumbing Inspectors
 Manuel P. Silvia: Superintendent of Town Dump

The Board reports with great regret the resignation of its Executive Health Officer, Mrs. Rosemary C. MacIsaacs, who left December 1, 1963 to take a full-time position with the Massachusetts Department of Public Health. Mrs. MacIsaacs brought to her work of the past few years a background of extensive public health training and experience, a knowledge of local problems, and unflagging energy in carrying out her many duties, some of them extremely difficult in nature. The present high level of a public health program for Cohasset is largely due to her efforts. The loss of Mrs. MacIsaacs' services points up the problem of attempting to retain highly qualified personnel in an overworked part-time position. However, through a very fortunate combination of circumstances, the Board has been able to appoint as Health Agent, Mr. Anthony W. Vento, who has just retired as Chief Hospitalman after more than 20 years service involving dispensary, administrative and medical duties in the Navy.

Mrs. MacIsaacs' resignation promoted a re-evaluation of the duties and functions of the Board of Health and its Agent. A study of the time spent in various activities revealed that approximately 50 per cent of the Executive Health Officer's time, some 500 hours, was spent in the area of sanitation control, investigating land and sub-divisions, granting of sewage disposal permits, visits for final inspections, and the investigation and solution of various nuisances, complained of by Cohasset citizens. The balance of time was spent in such areas as administration, clinic organization, other inspection services and other public health work.

The Executive Health Officer has assisted state and local representatives in evaluating new health and safety regula-

tions for "Day Care Agencies", such as nursery schools. The Mass. Dept. of Public Health has delegated enforcement authority to the Board of Health, which will be assisted by an Advisory Licensing Committee. Cohasset is also participating in a research program to evaluate the effectiveness of certain methods of visual screening in pre-school children. Mrs. Christine Park, R.N., is in charge of a team of 11 women volunteers in this program.

Sanitation

The most important and pressing public health problem in Cohasset is still pollution and nuisance resulting from improper sewage disposal. Property owners in general are not conscious of an individual responsibility to operate and maintain a miniature "sewage treatment plant" so that public health is not endangered in any way. The most vigorous sanitary inspection and enforcement system cannot ensure continuous safe operation of even the best small disposal works, let alone the average ones. The sewage disposal nuisances reported to the Board of Health and subsequently investigated and abated are probably only a fraction of the properties on which disposal systems are operating improperly. In a great deal of Cohasset the suitability of the average lot for sewage disposal can only be described as poor to fair. In some cases the problem of safe sewage disposal on an existing property may be impossible to solve. These are some of the technical reasons why the Board of Health regards a public sewerage system as imperative. In a town as built-up as Cohasset now is with so much ledge, tight soil and poor drainage, a public system is the only permanent solution.

There were 19 dye tests, of which 4 were positive.

Town Dump

Hours: 8:30 A.M. to 5:30 P.M. - Daily except Monday and Holidays.

Under the excellent administration of the Superintendent, the dump has been maintained in a sanitary condition. A policy of requiring contractors to bulldoze after depositing extensive demolition or land clearing debris has brought some reduction in cost to the town for this phase of dump operation. As a result of conferences with the Fire Chief and Water Superintendent the Board is taking steps to improve water supply at the dump for fire protection.

Casework Report: Mrs. Frances Wright, Social Service League.

Eight cases were carried to 1963 from 1962, and three of them are still active. Four other cases were referred to the Caseworker by the Board of Health during 1963, one of which, after brief inquiry, was not opened as a case. One of the three is a minor service situation of a financial investigation, which is still open in case of further needs of one of the children, but may be closed shortly. The other two referrals have required intensive help, and will continue to do so. Of the six that will be carried forward to 1964, two are intensive marriage problems, two have economic difficulties, one is a psychiatric problem, and the sixth the above-mentioned minor service case.

Dental Clinic

A report of the Dental Clinic, sponsored by the Board of Health, will be found in the report of the School Department.

RICHARD B. SINGER, M.D., Chairman

 ROBERT T. SCEERY, M.D., Member

REPORT OF THE WIRE SUPERINTENDENT

The following is the annual report of the Wire Department for the year 1963.

Fire Alarm:

Four miles of new overhead Fire Alarm wire was installed on North Main Street and Elm Street to split up a much overloaded North Cohasset circuit.

There are now six Fire Alarm circuits at the new Fire Station compared to four at the old Fire Station.

A new Form Four Fire Alarm System was installed to replace the old and outdated Form Three System. This means about two hundred and fifty batteries were eliminated. The new system now works on twelve batteries thus reducing the replacement cost considerably.

Additional Fire Alarm Boxes have been installed to give better coverage.

Wire Inspection.

All work done by Electrical Contractors and Home Owners was inspected and permits and fees were filed with the Town Accountant and the Town Treasurer.

Electrical Installation and Repairs:

All electrical installation and repairs to Town-owned buildings and properties were done by this Department.

I wish to express my thanks to all Town Officials and Departments for their co-operation.

EDWARD P. MALLEY, Supt. of Wires

REPORT OF THE SOUTH SHORE MOSQUITO CONTROL PROJECT

Submitted herewith is the report of the South Shore Mosquito Control Project's activities in the Town of Cohasset for the year ending October 31, 1963.

The Town of Cohasset appropriated \$4200.00 for mosquito control in 1963. Along with this, \$800. was appropriated for salt marsh maintenance. This money was used for mosquito control in the Town of Cohasset by the South Shore Mosquito Control Project, a cooperative effort embracing The City of Quincy and the Towns of Cohasset, Braintree, Duxbury, Hingham, Hull, Marshfield, Norwell, Scituate and Weymouth. The project is a year round operation based on a three-phase plan for the reduction of mosquitoes.

Permanent Control

A method whereby, with the use of trenching equipment and hand labor, many shallow stagnant water areas are removed. This reduces the number of sites capable of breeding mosquitoes. Most of this drainage is done on salt marsh. However, where possible, work is done in fresh water brooks and streams.

Preventive Control

The preventing of the mosquito reaching its flying stage, by the use of small amounts of insecticide applied to the mosquito breeding sites (shallow stagnant water) enabling us to prevent many mosquito larva and pupa from emerging to the adult biting insect. By larvaciding we can concentrate the attack on mosquitoes in their most vulnerable stage of life.

Adult Control

In spite of other control methods, there are some species of mosquitoes that are usually controlled by adult spraying - the culex (or house mosquito) that may breed in almost any container that will hold water over a few days period, making control over breeding sites impossible. By using mist sprayers and thermal foggers we are able to reduce the droplet size so small amounts of insecticide can be applied over a large area, enough to get a mosquito kill and yet keep the insecticide residue to a minimum.

With this as a basic plan, the following was done in the Town of Cohasset last year. 6550 ft. of ditch were reclaimed, 1415 ft. of new ditch were trenched, 1150 ft. of existing drainage were cleared of their blockages, all to reduce mosquito breeding sites.

700 gallons of insecticide were applied by aircraft to treat 700 acres for the spring brood of aedes mosquitoes that appear in early summer.

250 pounds of insecticidal dust were applied to 125 acres by ground equipment to smaller wet areas. 1165 gallons of insecticide were applied to 1165 acres for larval and pupal control. 180 gallons of insecticide were applied by mist blower to 180 acres for adults as well as larval control. 700 acres were fogged. 1235 catchbasins found to be breeding mosquitoes were sprayed.

The insecticides used by the South Shore Mosquito Control Project are:

- D.D.T., both dust and liquid.
- Dieldrin, both liquid and granules (dump areas)
- Malathion (fog and spray)
- DiBrom #14 (fog)
- Baytex 29496 (catchbasins)

All applications are made not exceeding dosage recommended on registered labels for the control of mosquitoes.

The Project wishes to acknowledge the help received from officials and departments of the Town and sincerely hopes that the benefits derived by these departments as a result of this cooperation are as great as those derived by the Project.

SOUTH SHORE MOSQUITO CONTROL PROJECT

Violation notices sent, Chapter 90B as amended	68

I wish to express my appreciation to your Honorable Board for the support you have extended to the Department during the past year.

HECTOR J. PELLETIER
Chief of Police

REPORT OF THE TREE WARDEN

The public shade trees of the Town have been given as good care as possible during the year.

About fifteen trees, dead or in poor condition, have been cut down, some with the help of the Brockton Edison Co. Many stubs and much deadwood has been cleared from the trees on all streets.

Continued environmental factors causing compaction of soil, filling and grading around roots, etc., together with dry weather has caused continued decline in many of our trees.

Sixteen trees of columnar or pyramidal form were planted mostly at Sidney Park and Stockbridge Street, and promising seedlings encouraged to grow where there was proper space.

Small trees planted in recent years were watered during dry weather and mulched this fall.

Citizens are urged to ascertain the mature size of trees planted to avoid possible future trouble when the trees have attained full size. The Massachusetts Shade Tree laws prohibit the planting of trees within the public way without the approval of the Tree Warden. The Tree Warden will be glad to give you any advice possible on your shade tree problems and will be glad to receive suggestions for the improvement of our trees and roadsides.

Roadside grass was mowed at least once on all streets in Town, and annoying brush on roadsides cut where troublesome.

Many trees are in need of more or less attention but rising costs have prohibited doing as much as desired.

With thanks to all Town Officials and citizens who by their help and suggestions have enabled the Tree Warden to carry on his work.

HOWARD BATES, Tree Warden

REPORT OF THE MOTH SUPERINTENDENT

Cankerworms again appeared in the Forest Avenue - Wheelwright Park area this year and on the advice of officials of the Board of Natural Resources 250 acres were sprayed by helicopter. Larger infestations are expected in the Spring of 1964 from the Ammunition Depot fence eastward.

Elm Leaf Beetle was active this year but applications of Sevin, a recently developed, low toxicity spray, was used with good results.

Dutch Elm Disease

No cure or preventative of Dutch Elm Disease has as yet been developed and recognized by proper authorities, so the dormant spray is still being used as a deterrent to the Elm Bark Beetle which spreads the disease. Last Spring some Methoxychlor, considered safer to wildlife but two and one-half times as expensive as DDT, was used in the center of Town for the dormant spray and it is hoped more can be used this coming season.

Seventy-seven elm trees were found to have Dutch Elm Disease in 1963, twenty fewer than last year, with most of them on private property. Sanitation work will continue through the winter. Anyone noticing rapid wilting or yellowing of branches of elm trees in midsummer is urged to call the Moth Superintendent.

Poison Ivy

Poison Ivy, where visible or reported, has been sprayed with 2-4-D and 2-4-5T with good results.

HOWARD BATES, Moth Superintendent

REPORT OF THE PAUL PRATT MEMORIAL LIBRARY

In looking back over the Library records it is interesting to note that the number of books charged out for the year 1953 was 52,923. For the year 1963 the total circulation was 81,198. The use and value of a library is not shown by circulation statistics alone but it is perhaps the one indication of the growth of a Library that is mathematical and understandable to all. Additional circulation of material means more people using all facilities, reference, etc.

For a number of years we have hoped and planned for additional room for the children and young people. This year has seen the culmination of those plans with the building of the addition actually in progress. By next September we should have our new addition in working order and be able to handle the student traffic more efficiently.

Long range plans include a central charge desk in the location of the present main desk. All books will be charged out at this main desk thus leaving the Young Adult and Juvenile rooms free of any charging procedure. We also plan to have displays of new books, etc., in the adult reading room where they can be looked at more conveniently than in the rotunda.

We have had many interesting art exhibits during the past year and for these we are indebted to the South Shore Art Center and especially to Miss Isobel Grassie.

Statistics for the year 1963 are as follows:

Adult circulation	50,090
Juvenile circulation	<u>31,108</u>
Total	81,198
 New registrations	 422
Registrations withdrawn	150
 Books added	 1,781
Books withdrawn	1,680
Total number of books in Library	29,253

REPORT OF THE PLANNING BOARD

1963 was an extremely active year for the Planning Board.

A new zoning law, based on the Master Plan studies which had been in preparation since 1958, was presented to the Town at a Special Town Meeting on June 10. The board was gratified that a majority of the citizens attending the meeting favored the new law although it failed, by a narrow margin, to gain the required two-thirds vote. The board feels that the proposed law contained a well balanced zoning program for the community and will present it again at an early date, hoping that in the interim a larger number of citizens will become convinced of its merit.

The Planning Board wishes to publicly thank the members of the Zoning Advisory Committee for their untiring and continuing efforts on behalf of the town.

That we may look forward to the continued march of home building, with the resulting impact on community facilities and costs, is well illustrated in this year's statistics. More new building lots were created in 1963 than in any other year since records have been kept. Five subdivision plans containing 130 new lots were presented for approval and thirty plans containing an additional 42 lots were endorsed by the board as not requiring approval. Of the five subdivision plans three were approved, these being Fair Oaks Lane off Sohler Street, and Old Coach Road and Surrey Drive off Forest Avenue. The two remaining plans were submitted in preliminary form and no further request for action had been made by the applicants up to the time of this report.

During the year the board recommended to the Selectmen that the Town negotiate with the New Haven Railroad for all of the right-of-way which lies within the town, believing that this land will be valuable as a future transportation artery.

The Planning Board notes with satisfaction a trend toward more frequent consultation among various boards and departments of the town on matters of general interest. Various discussions on a number of community problems have been held with the Board of Selectmen, Advisory Committee, Board of Health, and Conservation Commission.

Citizens are reminded that Planning Board meetings are open to the public and any who are interested in planning problems are welcome to attend. Meetings are held at the Town Hall at 8 P.M. on the first and third Wednesday of each month throughout the year.

1963 SCHOOL COMMITTEE REPORT

During 1963 the School Committee continued to concern itself with ways to meet satisfactorily the increases in three vital elements of public education: increases in standards of achievement, increases in number of pupils, and increases in cost of operation.

In the field of improved standards, significant steps were taken in library service, both at the High School and the Deer Hill School; in the music program, both vocal and instrumental; and in the emphasis placed on extra-curricular activities at the High School. These changes had been recommended by a 1961 independent evaluation committee.

In the field of increases in number of pupils, an addition to the Deer Hill School was opened in January, 1963, providing the extra facilities currently needed for primary and elementary enrollment. The Committee then turned toward the problem of increasing High School enrollment and at year's end voted to advise the School Facilities Committee that additional facilities will be needed for grades 7-12 not later than the fall of 1967. In this connection, the Committee expressed a preference for a separate Junior High or Middle School, asking that a study of suitable and available sites be started.

Increased costs of operation are highlighted by the cost of maintaining an adequate staff of high calibre teachers. Despite seemingly substantial increases in teachers' salary schedules and total salary expenditures, Cohasset still finds itself barely competitive, and in some instances behind some neighboring towns. The matter of proper teachers' salaries, judged both by fairness to teachers and consideration of the town's finances, is probably the Committee's greatest concern.

The Committee again wishes to acknowledge the dedication and wise administrative leadership of Superintendent William Ripley, Jr.

OSBORNE F. INGRAM, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS

In January the addition to the Deer Hill School was opened for use. This relieved the crowded elementary classrooms and enabled us to establish a third kindergarten section. For our elementary pupils the most significant improvement

provided by this addition is the library.

Satisfactory results are noted in our continued experiments with new methods and curriculum materials. After a careful study by faculty committees a new series of arithmetic textbooks has been adopted for the elementary grades. This text is consistent with the trend to "modern" mathematics so much discussed in current periodicals. Our mathematics program has been coordinated from kindergarten through the twelfth grade. Faculty committees have partially completed a study of the social studies courses. A phonetic approach to spelling with impact upon reading skills and handwriting was introduced in September. Thus far the results indicate that this will be a means for much improvement in these areas.

The high school has a well stabilized curriculum with constant updating of the courses of study and methods under study in all subject areas. A complete revision of the study guides is currently in progress for publication for the next school year.

Cohasset High School became the first high school in the United States to have its master schedule made completely by computer. This was done at the Massachusetts Institute of Technology as a cooperative experiment between the Institute and the high school. The resulting schedule provided greater opportunities for pupils in selection of elective subjects and individual programs of study.

With its enrollment of 651 pupils the high school has exceeded the theoretical capacity. Present projections indicate that new facilities should be provided not later than September of 1967.

The quality of our staff of teachers is high. Although it is inevitable that some turnover occur each year, it is desirable to maintain a relatively stable staff. The newer members are measuring up to the high standards of performance established by those who have been staff members for several years. Therefore it is of prime importance that salary schedules and teaching conditions are established which will attract and hold competent and dedicated teachers.

The brevity of this report precludes an exhaustive expansion of the work of the schools. However, all of the administrative and teaching staffs are more than happy to explain our activities to interested citizens.

The members of the School Committee deserve appreciation for their faithful attendance at meetings and their careful consideration of the responsibilities with which they are charged. Their continued understanding and helpful guidance is greatly appreciated.

WILLIAM F. RIPLEY, JR.
Superintendent of Schools

REPORT OF THE SCHOOL DENTIST

The following report of dental operations at the Joseph Osgood and the Deer Hill School Dental Clinics is submitted for the period from January 1, 1963 to December 31, 1963.

Restorations	
Silver Amalgam (with and without cement bases)	504
Synthetic Porcelain	17
Anodyne	12
Extractions	
Deciduous Teeth	69
Permanent Teeth	None
Prophylactic Treatments	77
Examinations without Treatment	104

Clinic sessions were conducted at both elementary schools twice a week and the stress as usual was placed on fillings and restoration. Classroom instruction on oral hygiene and visual education films brought home points that children need all too often.

Screening of all the clinic cases was instituted this year to lessen the load of the ever increasing school population.

The dental effect of the water fluoridation, about eight years now, is evident in the kindergartens and first grades. Gross dental examinations in these rooms show complete reversal from the situation ten to twenty years ago. At that time, in a group of twenty-five pupils, twenty would show fifty percent of their teeth carious. Now as we examine children in these early grades, the reverse is true; only about five out of twenty-five are affected with decay and some of these are new to our town having no fluorine history.

My appreciation to the school staff for their many favors and to Mrs. Gormley, the school nurse, for her excellent recordings.

WILLIAM G. MATTESON, D.M.D.

REPORT OF THE SOUTH SHORE REGIONAL SCHOOL DISTRICT COMMITTEE

Our first year of operation has been most gratifying. During the 1962-1963 school year we had an enrollment of 129 in nine day courses and 80 in the trade extension evening school.

During the summer and fall of 1963 we enrolled 32 in a manpower retraining program in Metal Fabrication and Precision Sheet Metal. Of the original enrollees 23 were placed. Financially the course was very helpful since we received \$29,000.00 for specialized equipment for permanent installation.

In September 1963 we enrolled 82 first year pupils and 107 second year pupils. In the evening school we had an enrollment of 118 in 8 courses.

Our staff now consists of the director, 19 teachers and 12 non-teaching employees including one part-time nurse and three part-time bus drivers.

Our athletic program has been restricted by the small enrollment but will expand in the next few years. This year we will offer soccer, basketball and baseball.

Our financial picture has improved rapidly. In our first year of operation the per pupil cost was very high because of the high initial cost of "setting up housekeeping", the enrollment of only first year pupils and deferred State reimbursements. Our per pupil budget for the fiscal year 1964 is about \$750.00. We hope to see this significantly reduced in 1965. The complete financial picture is given in the District Treasurer's report.

On January 20th we held open house and dedication exercises at which the Commissioner of Education, Dr. Owen B. Kiernan and Mr. Walter J. Markham, State Director of Vocational Education, were speakers. About 3,000 persons visited the school on that day. We have had frequent visitors during the year, some from as far away as Brazil and Puerto Rico.

In June we will graduate our first class. It will be composed of 2nd year post graduate pupils in electronics, and one group of Seniors in automotive repair.

This year the Advisory Committee of local business men and tradesmen were organized. The Committee will meet and visit the school, reviewing our course offerings and give constructive advice on our operations.

We look forward to the next few years when our graduates will take their places in our community and feel sure that they will be welcomed by the labor market.

HENRY B. PERRY, Member
South Shore Regional School District Committee

NO SCHOOL Signal, on Fire Alarm — 1-2-2

SURVIVAL INSURANCE

BE PREPARED — Know the warning signals. Check your emergency supplies. Decide where you would take cover: (1) In your cellar? or (2) in the excellent public shelters now available in the Cohasset area of the Navy Ammunition Depot. Enter by Doane St. from Beechwood or by Howe Road, opposite west end of Sohier St.

THE TAKE COVER SIGNAL — On the sirens an up and down wailing. On the fire horns short blasts for 3 minutes.

ALERT SIGNAL — If time permits which is very unlikely, on the sirens the high note held steadily. On the horns a sustained blast.

KEEP EMERGENCY SUPPLIES — 1. Non perishable foods. 2. Water in covered containers. 3. Battery powered radio. 4. Flashlight, lantern, camp stove. 5. In your car keep your gas tank at least half filled.

HURRICANE — Fasten your house shutters. Stay away from windows. Do not touch fallen wires. Telephone only necessary emergency calls.

FLOODS — Remove motors and valuables to upper floors. Shut off electricity at main switch before evacuating.

TORNADO — If at home: Take refuge in cellar of strongest house nearby, and lie on face under table or other strong piece of furniture, in corner toward approaching storm. If no cellar, lie under strong piece of furniture against inside wall.

If in open: Proceed at right angles to path of storm. If there is no time to escape storm's path, lie face down in ditch or other depression.
